Associate Membership (retired, not selling trees) **\$20. Total enclosed \$** _____

Membership Dues \$60.00. Total Enclosed \$ _____

FCTA cooperates with the National Christmas Tree Association in a program called Trade Industry Partner or T.I.P. FCTA sends \$20 per member to NCTA to support the marketing efforts by the National Association and the Real Tree advertising campaign. The National Association has an internet web site which you may advertise your farm for free, if you submit the information to them. You must complete the National Association form and mail it to their address, to be listed. Their web site is www.realchristmastrees.org. You do not have to be an NCTA member to be listed since FCTA is a T.I.P state. FCTA also pays \$12 per member each year for the subscription to *Christmas Tree Magazine*.
